

Defense Logistics Agency

Green Products and Services from the Defense Logistics Agency

Support for Environmental Requirements

Karen Moran (presenter)

Prepared for NDIA Energy, Environment and Sustainability Symposium

Denver CO

May 7, 2009

Report Documentation Page			<i>Form Approved OMB No. 0704-0188</i>	
<p>Public reporting burden for the collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to a penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.</p>

To Be Covered Today

- Background on DLA
- Environmentally-oriented Services from DLA, including Green Shopping on DOD EMALL
- Green Product Highlights from DLA
- Environmental Attributes in the Federal Catalog
- Tracking/reporting Green Transactions

The DLA Enterprise as of 01 Apr 2009

FY03 Sales/Services:	\$25B
FY04 Sales/Services:	\$28B
FY05 Sales/Services:	\$31.8B
FY06 Sales/Services:	\$35.5B
FY07 Sales/Services:	\$35.0B
FY08 Sales/Services:	\$42.0B

- Land/Maritime: \$3.5B
- Aviation: \$3.8B
- Troop Support: \$13.4B
- Energy: \$18.6B
- Distribution: \$1.5B
- Other: \$1.3B

- ~95% of Services' repair parts
- 100% of Services' subsistence, fuels, medical, clothing & textile, construction & barrier materiel

Foreign Military Sales

- Sales: \$2.07B
- Shipments: 570K
- Supporting 126 Nations

Scope of Business

- 114,000 Requisitions/Day
- 11,200 Contract Actions/Day
- # 56 Fortune 500
- # 3 in Top 50 Distribution Warehouses
- 25 Distribution Depots
- 6.4 Million Items – eight supply chains
- 22.8M Annual Receipts and Issues
- 1603 Weapon Systems Supported
- 132.53M Barrels Fuel Sold in FY08
- \$26.6B Annual Reutilizations/Disposals

People

- 22,176 Civilians
- 456 Active Duty Military
- 637 Reserve Military
- Located in 48 States/28 Countries

DLA Offers Services that are Environmentally-oriented

- Energy support
- “Buying Green” course
- Green shopping on DOD EMALL
- Hazardous Material Information Resource System
- Hazardous Technical Information Service
- Chemical Management Service
- DOD Shelf Life Program
- DRMS – including electronics demanufacturing
- Ozone Depleting Substances Reserve
- Document Automation & Production Service (DAPS)

Types of Environmental Services Available to DoD Customers from Defense Energy Support Center

- Funding of recurring environmental compliance costs at Service fuel facilities:
 - *Operating fees, co-operative fees, response plans, waste disposal, sampling and testing*
- Funding of environmental projects
 - *Environmental compliance projects*
 - *Spill cleanup projects*
- POC: 703-767-8318, D427

Utility Privatization (UP)

- UP leverages private sector financing in order to modernize DoD systems at a cost lower than if the government retained ownership
- Comprised of two contractual actions:
 - Conveyance of the utility system to a private/public owned utility company
 - Utility distribution services contract for up to 50 years
- UP projects correct many environmental Notices of Violations and life safety deficiencies that may otherwise remain un-financed or subject to the availability of funds if retained under DoD ownership
- Contact DESC, 703-767-2572; DSN 427-2572; <http://www.desc.dla.mil>

Water Tower Replacement

Refurbishment to lift stations

Energy Savings Performance Contracts (ESPCs)

- ESPCs leverage private sector financing for installing energy efficient equipment in DoD facilities IAW 42 USC 8287& Energy Policy Act 2005
- ESPCs help to meet the federal government's energy efficiency, water conservation, and renewable energy goals.
- Under an ESPC, contractor designs, constructs, and finances energy savings project. Agency makes payments (from appropriated funds) over life of the contract, to the contractor, from savings reduction in utility bills.
- Reduces DOD Dependency on Foreign Oil
- Added Benefit: Reduces Pollution SO2 and NO2
- Contact DESC, 703-767-8451; DSN 427-8451; <http://www.desc.dla.mil>

=

Annual Cost Avoidance
\$1.94M

Renewable Energy Certificates (REC)

Energy Policy Act of 2005 - Title II - Renewable Energy

- Sec. 203 Federal Purchase Requirements "To the extent economically feasible and technically practicable"
 - Not less than 3% in FY07 through FY09
 - Not less than 5% in FY10 through FY12
 - Not less than 7.5% in FY13 and each year after
- The need to meet short term goals is being accomplished by the purchase of Renewable Energy Certificates (RECs) also known as Green Tags.
 - RECS are not the power itself but represent the environmental attributes of power generated by renewable sources.
 - Can be purchased and used nationally
 - Least cost current means to achieve the goals
 - DESC currently supports DoD, DOE, DOC, IRA, EPA, VA, USPS, NASA
- Contact DESC, 703.767.8669; DSN 427-8669; <http://www.desc.dla.mil>

Renewable Energy Initiatives

by DLA's Defense Energy Support Center

- Continuing to purchase RECs for those in need
 - Environmental Protection Agency
 - Nationwide locations
 - Wind \$1.49/MWh, Biomass \$1.30/MWh, Landfill Gas \$1.60/MWh
 - Delivery Sept 09
 - All new “post Jan 1, 1999” as defined by EO 13423
 - Notified partners that prices are currently low
 - Solicitation on the street for DOE, DOC, USDA, EPA, NIH, FDA and NASA
- Contracting expertise for long term power purchase agreements stemming from renewable energy project development
- DOD and Federal customers/partners
- Pilot Project with DOE, Princeton Plasma Physics Lab, NJ
 - 1 MW roof and ground mounted (carport) solar array

Buying Green – a Multifunctional Approach to Pollution Prevention

This 2-day workshop offered by the DLA Training Center (DTC) provides an overview of the Federal pollution prevention initiatives and how they relate to the DoD acquisition process. **Highlights** include:

- P2 Laws/Executive Orders/Regulations
- Green Procurement Program
- Environmentally Preferred Products
- Life-cycle Costing
- Acquisition Planning
- FAR requirements

- **Course Number & info:** (DCPSO00R750)
- <http://www.hr.dla.mil/downloads/trn/courses/environmental.pdf>
- **POCs:** Workshop Mgr - D850-6166, Comm 614-692-6166

DOD EMALL

DOD's Online Shopping Tool

- Web self-service capability for the DOD
- Sells both finished goods and services
- Supports contracts written by DLA, GSA, Services, Federal agencies
- Offers over 35M items from government stock, long term contracts and 1700 catalogs
- Currently adding about 20 vendors a month and over 750K items of content a month
- FY08 Total Sales \$835M; Green Sales \$7.3M

**1st Choice Support for the Warfighter
(Federal Buyers Welcome Too!)**

DOD EMAIL

DOD's Online Shopping Tool

The screenshot shows the DOD EMAIL homepage with a Windows taskbar at the top. The main header reads "1st Choice Support for the Warfighter (Federal Buyers Welcome Too!)". Below the header are menu links: Shop, Carts, In Checkout, Orders, Tools, Admin, and Reports. A banner below the menu links includes links for Catalog Search, Power Search, Product Comparisons, Specialty Stores, and Competitive Pricing. The right side of the page shows a user profile with "You are logged in as: MORAN". The left sidebar contains a "General Information" section with links to Contacting the Help Desk, Accessibility Statement, DOD EMAIL Training, Supplier's Corner, DOD EMAIL Supplier's List, Learn More about DOD EMAIL, Buy Green, DOD EMAIL Policy Statements, and DOD EMAIL Events.

E4 Toner Cartridges
<http://www.epa.gov/epawaste/conserve/tools/cpg/products/toner.htm>

A product defined in 40 CPG, Section 247, that meets or exceeds the recommended recycled-content levels as specified by the EPA Recovered Materials Advisor Notice (RMAN) for Remanufactured Toner Cartridges. Toner cartridges are used in laser printers, photocopiers, fax machines, and microphotographic printers. When the toner cartridge is spent, it can be returned to a remanufacturer or the manufacturer to be refilled, refurbished, and cleaned for resale.

E5 Binders, clipboards, file folders, clip portfolios, and presentation folders
www.epa.gov/epaoswer/non-hw/procure/products/binders.htm

Binders, clipboards, file folders, clip portfolios, and presentation folders are commonly used office products made from a variety of materials. A loose-leaf binder contains split metal rings attached to a metal back that hold perforated sheets of paper. Chipboard, pressboard, plastic-covered chipboard or paperboard, cloth-covered chipboard or paperboard, and solid plastic binders can all be made with recovered materials. Clipboards, file folders, clip portfolios, and presentation folders can be made of solid plastic containing recovered materials.

E6 Printer ribbons
www.epa.gov/epaoswer/non-hw/procure/products/ribbons.htm

Reinked printer ribbons are used ribbons in printer cartridges that are reinked using electromagnetic machinery. Ribbons can be reinked until they reach the end of their useful life and begin to fall apart. Reloaded printer ribbons are new fabric ribbons that are reloaded into reused cartridges when used ribbons run out of ink.

E7 Plastic trash bags
www.epa.gov/epaoswer/non-hw/procure/products/trashbag.htm

Plastic trash bags, also called trash can liners, are widely available with recovered material content including HDPE, LDPE, and LLDPE. The amount of recovered materials used in the manufacturing process is affected by the color, size, and thickness of the bag.

E8 Plastic envelopes
www.epa.gov/epaoswer/non-hw/procure/products/plastic_envelopes.htm

Buy Green

Attention: Clicking links on this page may prompt you to **Save** or **Open** the desired file. Please choose to save the training materials to your desktop (or, elsewhere on your hard drive) rather than opening the file. Some files are large and may take a few minutes to download; please be patient. Pop-ups must be enabled for this site. Thank You!

Federal Law now requires the purchase of green products. For certain products that are energy efficient, water conserving or made with recovered/biobased content, Federal purchasers **MUST** buy the green alternative product (subject to certain exceptions). DOD EMALL offers items with these as well as other positive environmental characteristics and these products are easily identified in DOD EMALL with a 'green tree' logo. If you cannot find the green product you want, contact the DLA Green Products Team at GreenProducts@dla.mil or call the Greenline at (804)279-4060 or DSN 695-4060.

To learn more about green purchasing requirements, see the short online course called Green Procurement (CLC046), hosted by the Defense Acquisition University (<https://learn.dau.mil/html/clc/Clc1.jsp?cl>).

Green Procurement Policy Statements

Reports

Green Purchases

Green Purchases will allow you to find reports that detail items with Environmentally friendly attribute codes that have been purchased by various customers on DOD EMASS. You may find this report useful if you are required to report your activity concerning support of DOD's "Buy Green" program.

Supportability Analysis Stock Out Report

Supportability Analysis Stock Out Report provides the user access to DLA information regarding the stock position for NSNs, based on the NSN/NIIN, a DoDAAC or Weapon System Designator code. You can download the reports and have large requests processed off line and e-mailed to you later.

Hazardous Material Information Resource System (HMIRS)

- DoD central repository for Material Safety Data Sheets (MSDS); including foreign language MSDS
- Assists Federal Government personnel who handle, store, transport, use, or dispose of hazardous materials – EPA, OSHA, DOT
- Includes value-added info by Service-agency focal points: HAZCOM warning label & transportation info

Hazardous Material Information Resource System (HMIRS)

- Available on the web, in CD/DVD sets or as direct system-to-system interface (e.g., Federal Catalog System for supply items)
- Over 400,000 MSDSs and 4,800 users.
- Hazard Communication warning labels are based on the OSHA standard
- HMIRS CDs containing nonproprietary MSDS data have been updated to look and feel like the web.

HMIRS

Contact info

- **Program Manager:** Defense Logistics Information Service (DLIS), DSN 661-4996. Focal point for Help Desk support: Customer Service Office, DSN 661-4725 or commercial 1-888-DLA-CALL (352-2255)
- **Functional Manager:** Defense Supply Center Richmond (DSCR), DSN 695-3518. Provides Hazardous Information Help Desk support: 1-800-848-4371
- <http://www.dlis.dla.mil/hmirs/>
- also email: HMIRS@dlis.dla.mil

Chemical Management Service (CMS)

- **Objectives:**

- Improve control throughout lifecycle to disposal
- Facilitate materiel management
- Maximize asset visibility
- Greatly reduce Services' retail investment in HM inventory
- Control HM purchases thru centralized authorized use list
- Automate selection of **reuse** HM as first source of material
- Establish global contract, reducing administrative cost and lead time
- “Dove Tail” with S&S JCSG recommendations and Joint Basing initiatives

CMS is an End-to-End supply chain model **utilizing commercial best business practices for management** of hazardous materiel (chemicals, paints, batteries, oils, cylinders). CMS provides logistical support that improves environmental, safety, and health compliance at lower total lifecycle costs. CMS represents an evolution from individual service to joint, regional support

POC: 703-767-3488, DSN 427-3488

DOD Shelf Life Program

- Delegated to DLA by DUSD(L&MR)
- Authority Vested in DODD 4140.1, DoD 4140.1-R, DOD 4140.27-M
- Policies in DoD 4140.27-M, Shelf Life (SL) Management Manual
- Permeates Entire Supply Chain
- Applies to Wholesale, Retail, Consumable, Non consumable
- Participants include DOD, GSA, FAA, DTRA, DHS
- Formal Training Program Available; computer based training being developed
- Joint Reg DLAD 4155.37 contains SL Extensions Policies
- Shelf Life Extension System (SLES) contains successful extensions and test and visual inspection criteria. SLES and other SL information available on web sites.
- Use web site feedback for any questions

Public internet web site <https://www.shelflife.hq.dla.mil/>
Intranet site available upon request to .mil customers

Defense Reutilization & Marketing Service (DRMS)

<http://www.drms.dla.mil/>

***Reuse and Recycling Programs –
providing maximum reutilization of DOD excess property***

- **Scrap Recycling** - providing a recycling service with reimbursement going back to DOD Qualified Recycling Programs
- **Donation in Lieu of Disposal** - diverting property from landfill with no cost or reimbursement to Government (other than occasional shipping costs). Examples: low value recyclables such as - tires, wood, furniture, and hazardous materials
- **Electronics Recycling** - Computers for Learning Program, MOA with Federal Prison Industries (FPI) Unicor, Demanufacturing contracts
- **Precious Metals Recovery** - refining of precious metals bearing material/scrap to conserve resources; no reimbursement to generator
- **Hazardous Materials Reuse** - Maximizing lifecycles, minimizing the environmental risks and the costs associated with disposal
- **Hazardous Waste** - safe and compliant disposal management, tailored and cost efficient contracts with DLA assumed liability for 3rd party contamination sites

POC: DLA Customer Interaction Center 1-877-352-2253, options 3-2-1

Defense Reutilization & Marketing Service (DRMS)

Electronics Demanufacturing

- Increased recycling and solid waste diversion
- Protection of the environment/controlled disposal of:
 - Batteries of all types in electronics
 - Mercury switches
 - Heavy Metal content
 - Keeping leaded glass from PC monitors and TVs out of landfills
- National Security:
 - Ensures property with military capability not released into commerce
 - Destruction of secure information

Demanufacturing & FPI Recycled (million lbs)

Hazardous Technical Information Services (HTIS)

An advice service for managing hazardous materials or wastes:

- pencil Environmental
- pencil Safety & Health
- pencil Transportation
- pencil Packaging
- pencil Logistics

Staffed with chemists, chemical engineers, industrial hygienists, environmental specialists

HTIS Hazardous Technical Information Services

Document Automation & Production Service (DAPS) is Environmentally Friendly

- **Electronic Document Management**
 - DAPS' Electronic Document Management services save customers more than 13.5 million printed pages per year
 - Eliminates the need for long term publication warehouses
 - Saves long term printing cost
- **Recycled Paper**
 - DAPS Paper Contract
 - Reduced DoD paper usages from 1.2 billion sheets of recycled content paper per year to 250 million
 - Meets the EPA requirement for recycled post-consumer fiber content
 - Requires paper processed **without** the use of chlorine or chlorine compound
 - **Saving 118,750 trees annually**
- **Energy Star Rated Copiers**
 - Energy Star Rating is required in all of DAPS' acquisitions for copiers and printers available for lease or rent.
 - Vendors pick-up and recycle all copier and printer toner cartridges

***DAPS receives "Honorable Mentions" - Fiscal Year 2008
Secretary of Defense Environmental Award***

Green Product Highlights

- Re-refined Lubricating Oil
- Reclaimed Engine Coolant
- Remanufactured Toner Cartridges
- Vehicular Wet Battery Program
- Heavy Equipment Procurement Program
- Energy Efficient Lighting
- Biobased Fuels
- Biobased Cutlery

Re-refined Lubricating Oil

- **Basic Re-refined Oil Program**
 - API certified oil in your choice of 5W-30, 10W-30, 15W-40, 30 & 40
 - No minimum orders.
 - Packaged in Quarts, 5 Gallon Containers, and 55 Gallon Drums.
 - World-wide delivery from Vendor to Customers
- **Closed Loop Re-refined Oil Program**
 - API certified oil in your choice of 30, 40, 10W-30 and 15W-40
 - Small minimum orders.
 - Includes pick up of your used oil for re-refining.
 - CONUS delivery of packaged and bulk products
 - Available in Quarts, 5 gallon containers, 55 gallon drums, bulk deliveries

POC: 804-279-4257, DSN 695

<http://www.dscr.dla.mil/userweb/dscrld/Re-refined/RR.htm>

Defense Supply Center Richmond

Reclaimed Engine Coolant (aka Recycled Antifreeze)

- Conforms with EPA guidelines
- May be purer since recycling process reduces chlorines from hard water
- Commercial Item Description that replaces 3 Mil Specs, specs same for virgin, recycled
- Army – use recycled only, DLA to do automatic substitution
- Other Military Services -- similar directions
- POC for product: 804-279-3995, DSN695
- POC for antifreeze recycling equipment:
804-279-3686, DSN695

Toner Cartridges

- EPA CPG item (non-paper office product)
- Used in laser printers, photocopiers, fax machines, and microphotographic printers
- When the toner is replaced, the cartridges can be returned to the manufacturer to be refilled, refurbished, and cleaned for resale.
- EPA recommends: remanufacturing services for expended cartridges, and remanufactured toner cartridges or new toner cartridges made with recovered materials from product vendors
- POC: 804-279-3995, DSN695

Vehicular Wet Battery Program

- Contract awarded in December 2004 services all 50 states – current contractor is Exide
- New Price: The 6TMF battery price is \$73.06 for all sites (FY 2009 price). Also included: 2HN, 4HN
- Direct Vendor Delivery for sites **using 120 or fewer** per year, order on as needed basis through MILSTRIP or DOD EMALL
- Consignment of 30 day supply for sites using **120 or more** per year – over 250 sites
- Consignment Advantages – no inventory investment, no servicing risks, spent batteries picked up at no charge for recycling, diversion from installation waste stream
- Requires application -- POC: 804-279-5426, DSN695
<http://www.dscr.dla.mil/userweb/vbcp2/homepage.htm>

Heavy Equipment Procurement Program (HEPP)

- Supports the Acquisition of Over 2,400 "Commercial Type" Heavy Equipment Products
- Multi-award commercial requirement contracts
- Focus: Tailored Customer Support
 - ✗ Average Administrative Lead Time = 16 Days
 - ✗ Optional Ordering System
 - ✗ (MIPR or Requisition)
 - ✗ Credit Card Ordering
 - ✗ Interactive Web Catalogs
 - ✗ 1.0% Cost Recovery Rate

Construction Equipment, Material Handling Equipment, Fire Fighting/Rescue Vehicles & Environmental Products

- ❖ 10 Year Contracts
- ❖ OEM's
- ❖ Customization
- ❖ Full Range of Options
- ❖ Add/Delete Clause
- ❖ Leveraged Buying

Heavy Equipment Procurement Program

Equipment for environmental functions:

- **Balers**
- **Crushers**
- **Compactors**
- **Shredders**
- **Recycling equipment**
- **HazMat storage facilities**
- **Sweepers**
- **Extractors**
- **Graders**
- **Sewer cleaners**
- **Vacuum trucks**
- **Spill containment systems**

Biobased Plastic Flatware New!

- Biobased resin uses wheat to replace 50% of Polypropylene
- Meets or exceeds all current performance standards (impact strength, heat distortion, flexibility, biodegradability)
- Replacement into Unitized Group Ration A and Heat & Serve programs, then into daily dining facilities on military bases, hospitals, etc.

As shown above, the flatware is packaged with napkin, sugar, salt and pepper in a clear plastic bag.

Biobased Plastic Flatware

Offered by JWOD NIB/NISH Partner: L C Industries

Product Description

Biobased Dining Packet

Biobased Knife, Individually Wrapped

Biobased Fork, Individually Wrapped

Biobased Spoon, Individually Wrapped

Biobased 3 Piece Flatware Set

Biobased Spoon, 100 count Bag

Biobased Fork, 100 count Bag

Biobased Knife, 100 count Bag

Bio-based Fuels (aka Biofuels)

- Biodiesel, mono-alkyl esters of long chain fatty acids derived from vegetable oils or animal fats IAW ASTM D 6751, for use in diesel engines. **Most Popular:** B20, a blend: 20% biodiesel & 80% ultra-low sulfur diesel fuel
- **E85**, a blend of 85% ethanol and 15% gasoline
- Initially driven by the **Energy Policy Act (EPACT) of 1992** and **EO 13149: Greening the Government Through Federal Fleet and Transportation Efficiency**
- Biofuel use reduces regulated exhaust emissions, decreases petroleum imports
- DESC worked to establish quality requirements for B20 so fuel works comparable to diesel; recognized with White House award

POC: D427-8359; D427-8354 (Comm 703-767)

Defense Energy Support Center

Alternative Fuels Information Station

<http://www.desc.dla.mil/DCM/DCMPage.asp?pageid=591>

- Tutorials now available on:
 - Energy Policy Act Compliance & fleet management programs
 - E85 and Biodiesel (definitions, properties, production, advantages & disadvantages)
 - Synthetic Fuels (definitions, properties, production, advantages & disadvantages)
 - Alternative Fuels Logistics (infrastructure, how to buy, changes needed to handle alt fuels)
- POCs: D427-8359; D427-8354 (Comm 703-767)
- Customer service number 1-(800)-286-7633

DLA's Environmental Attribute Initiative

- Environmental Attribute Codes (ENAC) for NSN items in the Federal Logistics Information System, also known as the Federal Catalog System
- Signifies that a product meets strict, definable environmental standards and criteria from an approved certifying organization
- Currently applied to roughly 7000 items managed by DLA and GSA

Environmental Attributes, continued

- DLA formed and chairs a **Joint Group on Environmental Attributes (JGEnvAtt)** to seek out and evaluate clearly definable environmental product criteria or „attributes“ from recognized environmental organizations
- JGEnvAtt process: Identify, evaluate and through a consensus building process, approve Environmental Attributes or criteria to be applied to products in the FCS.
- *Voting Members:* Army, Air Force, DLA, Navy, Marine Corps, GSA
- *Advisors:* OSD, EPA, USDA, DOE, OFEE

Environmental Attributes approved by the JGEnvAtt

- Recycled Content
- Energy Efficient
- Water Conserving
- Low VOC Content
- Low Standby Power
- Asbestos Alternative
- Biobased
- Non-mercury Alternative
- Electronic Products Environmental Assessment Tool (EPEAT)
- Non-cadmium Alternative

Green Procurement Report -- Website Tool

- Online tool to help Federal customers manage & report green procurement at Service/Agency, installation or unit level
- Included in OSD Green Procurement Program metrics
- Website location www.dlis.dla.mil/erlsgpr
- Covers transactions from DLA and General Services Administration stock systems (but not GSA schedule items)

Email: dlacontactcenter@dla.mil

Changes to environmental legislation have resulted in an increased emphasis on the procurement of environmentally preferred products. The GPR can be used by military services and federal agencies to track environmentally friendly purchases and provide required input to pollution prevention reports (i.e., RCRA6002). The GPR provides visibility of total green and non-green procurements from Defense Logistics Agency (DLA) and General Services Administration (GSA). Each authorized user can customize their report and can display results by Service/Agency, DODAAC (DOD Activity Address Code) and Environmental Attribute Code (ENAC).

ERLS is DLA's tool for pollution prevention and compliance reporting. ERLS captures DLA requisitions from the Enterprise Business System (EBS), Base Operations Support System (BOSS), Defense Fuel Automated Management System/Special Fuels (DFAMS/FAS) and GSA's Management Information System (MIS). ERLS uses the requisition data in conjunction with green and non-green National Stock Numbers (NSN) from FLIS to calculate total green procurements. Click here to learn more about [ERLS](#).
